# Best Results, Highest Quality and Maximum Safety

## Best Results: The Nutrient Transport Concept - NTC®

The exclusive Nutrient Transport Concept (NTC®) delivers the nutrients exactly when they are needed and where they are needed – to the cellular level, from inside and out.

In the FitLine nutritional supplement products the Nutrient Transport Concept, NTC, supports optimized nutrient intake so increasing nutrients' bioavailability. The FitLine cosmetic products support the skin's natural regeneration processes. With FitLine you will feel and experience results on a daily basis that will thrill you.

## Highest Quality

For us, premium stands for transparency and quality. Therefore, our products are "Made in Germany" and produced according to GMP, a standard of the pharmaceutical industry. Our product quality is tested regularly and independently by ELAB Analytik GmbH.

## Maximum Safety

FitLine offers maximum safety by having all our products tested regularly and independently by ELAB Analytik GmbH. We are committed to clean sports, therefore all our nutritional supplements are listed on the Cologne List®.

\* All the FitLine nutritional supplement products are on the Cologne List®. That list publishes products that have been tested by one of the World's leading laboratories for analyzing nutritional supplements for doping substances. More information can be found under: [www.koelnerliste.com](http://www.koelnerliste.com)

An Information by ELAB Analytik GmbH  
(Issue 03/2017)

PRODUCT QUALITY  
regularly independently  
TESTED by ELAB  
[www.elab-analytik.de/pm-international](http://www.elab-analytik.de/pm-international)

ELAB Analytik GmbH, a professional laboratory service provider, has successfully been working in the food, water and environmental analytics field as well as medical laboratory services for many years. The regular and independent analytics of selected parameters, conducted by ELAB Analytik GmbH on a regular basis, complement the manufacturer's own product controls. The quick and accurate analysis of a wide variety of samples as well as the expert advice from clients are among our most key business skills.

Simple. Successful.
